What on Earth

Is the reason people will not, cannot, or do not see any difference in cheap nos trumps put up by Cheap John houses or irresponsible parties at enormous profits, rather than take a medicine of world wide reputation and one that is giving universal satisfaction at equal price? No medicine in the world is giving such unparalleled satisfaction for purifying the blood as BEGG'S BLOOD PURIFIER & BLOOD MAKER, and every bottle that does not do its work, will cost you nothing. W. H. Chedic, Druggist

How Can Parents

allow their children to cough and strain and cough and calmly say: "Oh! it's only a little cold," and keep giving them cheap and dangerous medicines, until they are down with lung fever or consumption, when they can be so easily relieved by BEGG'S CHERRY COUGH SYRUP? It has no superior and few equals. W. H. Chedic, Druggist.

For Rent.

Two furnished rooms, Cor. Musser and Plaza streets, immediately opposite the Capitol. Apply on premises. Rent cheap.

ALL SORTS.

Remember the Tigress. The water in Carson Valley is subsiding.

Eggs are quoted at 75 cents per dozen in Carson.

It is now proposed to coin five million a month in silver.

There was a sprinkle of rain yesterday and a rain bow north of town.

An infernal machine was found yesterday in the rotunda of the Capitol at Washington.

When buying your meat go to the new market, where of both quality and quantity you will get your money's worth every time.

Tom Rickey says that he hopes the new meat combine will start up soon as he will be furnishing them meat in 60 days of prime quality.

If next Sunday is a fair day Abe Cohn will assemble the Carson baseball club and give them an opportunity to test the ability of the new pitcher.

Senator Foley says the cattle losses in this State will be 50 per cent. and that a good many stock men will not know how badly they have been hurt until the Spring round up.

Answer to Correspondents.

INQUIRER. 1. The Montana Lottery was first authorized by the Legislature August 1887, and has been doing business ever since. 2. The CAPITAL PRIZES ARE \$16,000, \$10,000, and \$5,000 each to be drawn Feb. 15, 1890, and monthly, thereafter. 3. You should be able to get Montana State Lottery Tickets (\$1.00 each) from any lottery dealer. Ask for them, or address the company's manager, J. J. Jacobs, Butte, Montana.

WILL WYNNE. 1. The Montana State Lottery always draws in public, and a committee is selected from the audience to supervise the drawings. 2. No; a lottery could not be drawn in public and be conducted unfairly or impartially. 3. There is no question about its fairness. 4. The Lottery has been running for nearly three years, and has paid ALL ITS PRIZES IN FULL, so it is as worthy of confidence as "famed for integrity" as any other lottery. 5. The Capital Prize is \$15,000, the smallest \$7.50; send money to J. J. Jacobs, Butte, Montana. 16

CATTLE LOSSES NOT HEAVY.—In a letter dated January 24th from the son of T. B. Rickey, in Antelope Valley, Mr. Rickey is informed that the cattle which have been browsing along the foot hills are in good condition, and not a single cow had died this Winter outside of the regular percentage of loss from old age, etc. The cattle which have been fed on hay and sheltered more than the grazers, differ very little in their appearance. The last letter Mr. Rickey received from the Humboldt ranch, dated January 8th, reported that the cattle were in pretty good condition and the loss very light.

A FROST-BITTEN THUMB.—Otto Larsen had his right thumb badly frozen while coming down from the Clifton mine last Saturday. His sufferings were ministered to at the Index pharmacy, and it is to be hoped he won't die, as he is a very handy Scandinavian and the only one in camp. But he has had a very bad thumb—mottled black and blue and altogether malignant, and swelled up so that it looks as if it were going to have pups.—Homer Index.

JUDGE MCKINNEY DEAD.—Judge D. C. McKinney died at Austin on the 31st. He came to this coast in 1849 and generally managed to hold clerical or official until the last general election, when he was defeated for District Judge by Judge Fitzgerald. He studied law while acting as Deputy County Clerk of Amador county, Cal. For sixteen years he served Lander county as District Judge. At the time of his death he was running a legal shop and a lumber yard.

A FAMINE IN BODIE.—It is reported that there is no flour to be had in Bodie owing to the blocked roads. Ham and other articles of food are entirely out, and Bodie is now subsisting on beans, cheese and snow.

THE SNOW SLINGERS.

A Snow Shoveler who Thinks He was Overworked. CARSON CITY, Feb. 5th.

EDITOR MORNING APPEAL.—Having seen in your valuable paper dated February 4th, flattering accounts of snow shovelers, and being a snow shoveler myself, I wish to rectify mistakes printed in your paper. Your special reporters not being snow shovelers themselves, and not being among the men, could not exactly tell their sentiments. At 20 minutes after three, Ardery came to the men, when he found there were two large drifts ahead, and said:

"Boys, if you work fast, I will give you half a day extra, and get through in two hours."

Every man worked with a will, not only after that but before it. At 5 o'clock the boys, who had worked hard all day, became fatigued and wanted their supper, and did some kicking. These were not men, but boys who had worked hard all day and could stand no more. Ardery and Atherton came to the seat of the trouble and said:

"If you work till 12 o'clock you will get a day extra."

The men said nothing, but the boys said they wanted supper. Then Ardery sent the engine and flanger, which was back of the snow plow, to get lunch for the men. It did not seem long gone when its whistle warned us of its approach. The boys then quit work and rushed to the front and grabbed all that could be had; the men staying in their places and kept shoveling away.

Donald McKenzie started up the line of shovelers and only stopping at men he knew and his friends and if a man asked him for something to eat, whom he did not personally know, ye would say, "there is another box coming after me," but the box failed to come. A great many men at the end of the line who had worked the hardest and carried the brunt in the heaviest drifts got nothing to eat and when they kicked to Atherton he said, "well men I will get you something when we get to Reno." When Reno was reached no supper could be had because he claimed it was too late and a great many fellows rode back on the flat car with the wind blowing a terrible gale and chilling them to the marrow when a coach or even a box car would be acceptable to break the force of the Washoe zephyr, but they said it was too much expense to switch for a box car, and coaches were for passengers and not snow shovelers.

Ardery and Atherton are gentlemen but they either did not know how much lunch it took for that number of men or they were not able to procure it. But we think the first proposition was the reason the boys did not get enough to eat. A SHOVELLER.

A CHILLY MORNING WALK.—Early yesterday morning, while the thermometer stood at or below zero, says the Reno Gazette, a gentleman coming from the South Side via the V. & T. bridge saw a comparatively young squaw, clad in nothing but a very short undergarment, not even a pair of shoes or stockings, with a burly buck behind her, who about every three or four steps would make a large exclamation in the Indian dialect and at the same time, with all the physical force of which he was possessed he would introduce the toe of his snow covered boot to that portion of the woman's anatomy, which was barely covered by the abbreviated garment referred to. The supposition is that Mr. Indian was more than suspicious that his spouse had been receiving the attention of some other fellow.

BRINE ON THE RAW.—The Journal tantalizes the snow bound passengers at Reno with the following editorial squibs: "Do not some of the detained passengers want a bird's eye view of Reno as a souvenir? Only \$1." "If any of the snow bound passengers desire to settle in Reno, they can secure a few desirable lots in Powning's Addition." "Contributions for tomorrow Journal will be thankfully received from any of the detained passengers. A chrome will be given for the best article on 'My Railroad Travels.'"

A TERRIBLE TRIP.

Mr. and Mrs. Mitchell Lost in a Snow Storm.

The Elko Independent of the 20th instant says:

Wednesday morning Wm. Mitchell, Nels Onderkirk and others left Mound Valley for Elko with over 500 head of cattle belonging to Russell & Brady, with the exception of about 70 head of beef steers owned by Mr. Mitchell. They arrived here about 8 o'clock Saturday night after four days of hard work toiling through the deep snow, which at times almost overwhelmed them.

Mr. Mitchell was accompanied by his wife, who braved the storm and traveled with her husband in a sleigh. In crossing the summit below the Hot Springs after dark they were enveloped by a fearful snow storm and for a time they lost their way. Fears were entertained that they would not be able to reach town, but by perseverance and the aid of Valentine Walther who happened along with a fresh team, broke a trail through the huge snow drifts, the outfit arrived here with the loss of only three or four head of cattle.

Mr. Onderkirk says that no one can realize the difficulties of the trip of thirty miles except those who made the perilous journey. Great credit is due to G. R. Davis, one of the crew, for his indomitable energy and perseverance in pushing through the almost impenetrable drifts, as well as the fearful snow storms encountered during the trip from Mound Valley to Elko.

A CORPSE ON THE RIVER.—Yesterday six men near the Rae dredger saw the body of a man floating down the river. They made every effort to secure it, but it was swept over the dam and down the stream. They gave chase along the banks, hoping to rescue it at some bend, but at last accounts they had not been able to reach it.

SIGNED WITH THE SACRAMENTOS.—Dan (little boy) Crotty, who could out-talk any man on the Pacific Coast, and played second base for the Comstockers, says he has signed with the Sacramento Club for next season. Slide Crotty, slide.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays the pain, cures wind colic, and is the best remedy for diarrhoea. Twenty five cents a bottle.

Language is hardly strong enough to express my admiration of the merits of Chamberlain's Cough Remedy. It is the best remedy for croup and whooping cough I have ever used. During the past eighteen years I have tried nearly all the prominent cough medicines on the market but say, and with pleasure too, that Chamberlain's Cough Remedy is the best of all. THOMAS RHODES, Bakersfield, California, For sale by G. C. Thaxter.

The fact has been abundantly proven that Chamberlain's Cough Remedy is the most prompt, most reliable and most successful medicine yet discovered for acute throat and lung diseases, such as coughs, colds and croup. For sale by G. C. Thaxter.

While Will Wright is still with Peterson, at the gallery over Thaxter's, special attention will be paid to enlarging of portraits. Mr. Peterson has done some very fine work in this line, which can be seen at the gallery. The public is invited to call and inspect same. j2

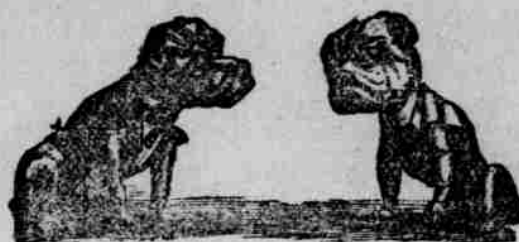

The Boyd brothers have offered the finest meats obtainable to their customers and as they raise their own beef, veal, mutton and pork, they can not only select the most choice meats but can place it at a very low rate. My facilities for purchasing good beef are second to none in the State, and customers can always be assured of the best in the market.
